

Meeting WP4

Nobile Collegio Romano, Roma, 16-17 Dicembre 2024

Agenda

16 Dicembre

- | | |
|-------------|--|
| 13:00-14:00 | Registrazione partecipanti |
| 14:00-14:15 | Saluti istituzionali (Ciliberto, Blandini, Budillon, Blandino) |
| 14:15-15:00 | Keynote Lecture (Klaus Pantel) |

Part I: DNA-related activities

- | | |
|-------------|---|
| 15:00-15:15 | IRE Simonetta Buglioni – Ring study: interlaboratory reproducibility of ctDNA analysis |
| 15:15-15:30 | Pascale |
| 15:30-15:45 | CRO |
| 15:45-16:00 | ISPRO |
| 16:00-16:30 | <i>Coffee break</i> |
| 16:30-16:45 | OSM-PV |
| 16:45-17:00 | UniVer Aldo Scarpa - Pancreas, Haematologic and H&NSCC cancers |
| 17:00-17:30 | <i>"Liquid Biopsy in Clinical Practise: Quo Vadis? Understanding the Present, Exploring the Future". Luca Quagliata</i> |

Fine lavori

17 Dicembre

- | | |
|-------------|--|
| 9:00-9:30 | Arrivo partecipanti |
| 9:30-10:00 | Keynote Lecture (Nicola Normanno) |
| 10:00-10:15 | MultiMedica Antonino Bruno/Gaia Spinetti - New cellular and molecular immune circulating biomarkers of atherosclerosis |

10:15-10:30	IRCCS SDC Giulio Settanni - A different shade of liquid biopsy: molecular testing on ascites in High Grade Serous Ovarian Cancer
10:30-10:45	AOU To Alessia Andrea Ricci - Circulating tumor DNA in stage III BRAF mutant melanomas: a potential predictive biomarker of clinical relapse during adjuvant treatment.
10:45-11:00	Neuromed
11:00-11:30	Coffee break

Part II: RNA-related activities

11:30-11:45	IRE Matteo Allegretti - dPCR microRNA multiplex assays as novel tools to identify and monitor circulating microRNAs in LBs
11:45-12:00	Pascale Elena Di Gennaro - Tiny Things to serve Big challenges: miRNA and friends in liquid biopsy
12:00-12:15	Gemelli
12:15-12:30	ITGPII Letizia Porcelli - The Role of ITGPII in Advancing Liquid Biopsy in Research and Clinical Application
12:30-12:45	Mondino
12:45-13:00	IRCCS FBF Annamaria Cattaneo
13:00-13:30	<i>Closing remarks</i> (Ciliberto, Budillon, Blandino)
13:30	<i>Fine lavori</i>
